EDUCATION

Bachelor of Technology, GLA University, Mathura — May 2024
Intermediate, St. Patrick's Junior College, Agra — May 2020
High School, St. Francis Convent School, Agra — May 2018

TRAINING / INTERNSHIP

Deals Knight - Full Stack Developer
Freelancer
- Worked on 2 live projects, Megamax Services and Deals Knight Official Website (both under progress).
- I faced some issues while working on the problem, especially with animations and configuration, that I figured out using a simple library and free resources.

CODECLAUSE - Web Development
Intern - 10th August, 2023
- Worked on 3 live projects, File sharing, Firebase login, and Resume Builder to develop the full stack for a better experience.
- It was my very first learning experience with React JS, Node JS, and APIs, I did face some ups and downs but soon figured out the way with my mentor.

PROJECTS

MEGAMAX SERVICE PVT. LTD. — April 2023
Link
- Understood the business needs and objectives to provide agile solution, was the main focus in this project.
- I focused more on the output to anticipate and resolve business issues with the website.

STORE DATA ANALYSIS — February 2023
Link
- Analyzing the business objectives and data helped to identify the key insights on purchasing orders.
- I focused more on the business queries and outcomes for better revenue and sales.

SWIGGY CLONE — January 2024
Link
- Held a sense of ownership in successfully implementing solutions, experience in supporting infrastructure operations, and flexibility through a customer-centric approach.
- I focused on resolving incidents and providing support to customers through various channels.
